

Position Description

The Position Description (PD) provides a complete and accurate description of duties and responsibilities assigned to the position(s). The PD is used to classify the position, as a basis for establishing evaluation standards and to determine selection criteria for filling a vacant position. The foregoing PD is not all-inclusive of the duties to which the employee may be assigned. To ensure maximum flexibility and efficiency, employees will be assigned additional duties as are deemed necessary by Santa Ana Golf Club, Inc.
